

## PRESS RELEASE

# RELATECH: OKT SRL, SPIN-OFF OF THE RELATECH GROUP, TAKES PART IN THE CONFERENCE "THE RICHNESS OF SHARING: THE NETWORK OF SPIN-OFF COMPANIES TOWARDS I4.0" ORGANIZED BY THE UNIVERSITY OF CALABRIA

Milan, July 1<sup>st</sup> 2020

**Relatech S.p.A.**, *Digital Enabler Solution Company (D.E.S.C.)* and innovative SME listed on AIM Italia market (Ticker: RLT), announces that, today, the university spin-off [OKT s.r.l.](#), part of the Relatech Group, participates in the round table "*the wealth of sharing: the network of spin-off companies towards I4.0*" aimed at creating a synergical network between **Unical4.0** companies for the *Call for digital vouchers I4.0 2019 - Measure A, Cosenza Chamber of Commerce*.

Unical4.0 is the path aimed at improving the competitiveness of the spin-off companies of the University of Calabria under I4.0, financed through the digital voucher call I4.0-2019 Measure A of the Chamber of Commerce of Cosenza. Promoting the ideas and actions, conducted by the [Unical](#) spin-offs, is one of the objectives set in the project both as an element of sharing the results and technologies developed, and to direct the participating companies towards application solutions in the field of I4.0. **Big Data, Cloud Computing, Cybersecurity, Augmented Reality, Internet of Things** are the five directions of development that can optimize business processes, but also offer innovative products to users.

The round table, which will be held today from 15.00 to 17.00, involves several spin-offs from the University of Calabria, which have started to move in this direction and who want to share their know-how and operated in terms of transfer of knowledge and opportunities and create a synergistic networking.

The OKT team will give an overview of the Relatech Group highlighting the solid collaboration that the Company has with research centers and universities, such as **ICT SUD, CNR, University of Calabria, University Magna Graecia, University of Verona**, only for mention a few. OKT experts will participate in the panel, with the other spin-offs, by sharing their know-how and

experience in **Digital Enabler** technologies, such as **Cybersecurity**, **Big Data** and **Internet of Things**, which are an integral part of the digital and cloud-based platform **RePlatform**, developed internally by Relatech and fundamental cornerstone of the Company's business strategy.

OKT will present two research projects: **EMPHAsis** and **True Detective 4.0**.

The **EMPHAsis** project - "Effective Malware Prevention through Honeygot Assisted Analysis" - allowed OKT to develop a software platform which in the "Professional Edition" version works for the effective prevention of malicious computer modules through analysis tools based on honeygot located in computer systems. business.

The **True Detective 4.0** project, still in progress, aims to develop an innovative real-time monitoring platform for predictive maintenance of equipment, for the optimization of production processes and industrial automation for the management of physical security in the company.

The event will be held in virtual mode and it is possible to participate at the following link [meet.google.com/dzt-fwxx-zyd](https://meet.google.com/dzt-fwxx-zyd)
