AND CYBERSECURITY**

**SIGNED AGREEMENT FOR A DURATION OF 5 YEARS WITH THE
MULTINATIONAL COMPANY METRA S.P.A. FOR THE SUPPLY OF
INNOVATIVE DIGITAL SOLUTIONS IN CLOUD WITH ITS OWN DATA
CENTER**

**THROUGH BLOCKCHAIN AND CYBERSECURITY TECHNOLOGY,
THE PROTECTION OF DATA FROM ANY CYBER ATTACK AND
DISASTER RECOVERY WILL BE GUARANTEED**

Milan, 28th December 2020

Relatech S.p.A., *Digital Enabler Solution Knowledge (D.E.S.K.) Company* and innovative SME listed on AIM Italia market (Ticker: RLT), announces that, its subsidiary **Mediatech S.r.l.** has signed a five-year agreement for the supply of **Cloud Nutanix** solutions and the management of the **data center** of **Metra S.p.A.**, a multinational company with worldwide offices, specializing in aluminum processing with advanced engineering solutions for industry and architecture.

STRATEGY: M&A AND RECURRING REVENUES

Silvio Cosoleto, Chief Operating Officer of Relatech, comments: "*Cloud and data protection represent for Relatech two of the pillars of **RePlatform**, the proprietary platform on which it is based our offer which has been further strengthened thanks to the inclusion of Mediatech in the perimeter of the Group which with the "platinum" partnership of a big vendor like Nutanix consolidate Relatech's technology ecosystem. The signed five-year contract will also allow the Relatech Group to benefit from a significant portion of recurring revenues.*"

TECHNOLOGY

The proposed solution, as described by **Giuseppe Dominoni, CEO of Mediatech**, a company of the **Relatech Group**, will allow the Metra Group to strengthen its IT infrastructure which also provides for the management of some value services in Cloud. The solution proposed by Mediatech, totally scalable, will allow to no longer have any constraints linked to the dimensional growth of Metra, thanks to a centralized multi-cloud management, also optimizing costs and reducing IT risk. The services provided by Mediatech use of Nutanix's hyperconverged cloud solutions, in particular, the solution identified for Metra will include the management (i) of services related to virtual desktops (VDI) for highly flexible smart working that will allow resources to work in anywhere in the world in an agile and secure manner through the highest standards for data protection; (ii) corporate business continuity with disaster recovery services (in this specific case two datacenters plus a third site are provided) and (iii) corporate security at 360° with the use of micro-segmentation which allows for total capillarity in the protection against cyberattacks.

Metra will also benefit from some advanced features in terms of *artificial intelligence* for the orchestration and automation of the entire infrastructure through technologies capable of guaranteeing the highest level of protection.

REFERENCES

The Relatech group, specialized in **Digital Enabler Technologies**, which includes the **Cloud** in all its forms, will guarantee Metra total *availability* and *continuity* of services and business both on site and remotely. Furthermore, through **blockchain** technology and **cybersecurity**, the protection of the data from possible *cyber-attacks* and *disaster recovery* is guaranteed.

Flavio Almerares, IT Manager of **Metra** expresses great satisfaction for the solutions outlined, which crown a relationship of trust and collaboration that has lasted for many years. *"After several months of contacts, tests and in-depth analyzes of this technology we have decided to adopt it in all our datacenters. I believe that it has now matured by offering solutions that surpass the market solutions adopted by Metra so far in terms of simplicity, scalability, hyperconvergence, performance and flexibility."*

*"This agreement is the confirmation of the relationship that is increasingly consolidated between **Mediatech** and **Nutanix**, and of the fact that Nutanix systems are now an important point of reference for companies wishing to innovate their IT "heart"', commented **Alberto Filisetti, Country Manager of Nutanix Italy**. "We are also pleased to collaborate with*

Relatech and to be able to provide them with our hyperconverged and multicloud management solutions, which will enhance their customer infrastructure to make it even more secure, always available, resilient and able to respond promptly to business needs.”
