RELATECH: started collaboration with BASCO, for the implementation of Cloud services for the efficiency of business processes

Milan, 13th July 2021

Relatech S.p.A., *Digital Enabler Solution Knowledge (DESK) Company* and innovative SME listed on AIM Italia market (Ticker: RLT), announces that it has started the collaboration with **Basco s.r.l.** for the digitization of its corporate assets and business processes in Cloud.

Basco is a made in Italy company specialized in the supply of buses and services for public transport, a reference point for national and international operators of public and private mobility.

Specifically, the solution proposed by Relatech is based on the Oracle NetSuite in Cloud which allows to innovate and simplify the *business process management* of the finance area with the introduction of a KPI system for monitoring the distribution area for management of purchase and warehouse orders, to guarantee Basco's high standards of customer satisfaction. These activities make it possible to define, monitor and integrate business processes in cloud mode, which allows flexibility and scalability, making use of the partnership with one of the main international vendors, which guarantees evolution and continuity over time. As part of the Basco project, it tested the systems in advance with respect to the *go to live* date of the final activity with the opportunity to acquire know-how and the right expertise to make the most of the potential of the new system implemented.

The agreement is part of the solutions of the cloud based platform RePlatform which makes use of the ecosystem of leading technological partners including Oracle NetSuite to offer customers the best tools to face the delicate digital transformation process, supporting them in facing the new market challenges, having highly innovative digital tools available

Filippo Battaglia, CFO of Basco: *"The implementation of this project has allowed us to promptly access a multitude of corporate data, improving our analysis and decision-making skills. We are fully satisfied with the choice, and we consider this project the beginning of a long-term collaboration."*

Angelo Souther, Senior Manager Sales Italy at Oracle Netsuite, says: *"This new collaboration strengthens Relatech's partnership with Oracle Netsuite, which provides a growth roadmap based on ERP Netsuite skills and the quality of project implementation."*

Silvio Cosoleto, Chief Operating Officer of Relatech, comments: *"We are very happy to start the collaboration with Basco, a leading company in the transport sector, as it allows the Group to strengthen its presence in the mobility market, which estimates very positive growth forecasts. Relatech expert in Cloud technology and being able to count on the potential of its digital and cloud-based platform RePlatform and on the technological partnership with Oracle Netsuite, offers customer a valid service for the optimization of business processes making them lean and guaranteeing, through the Cloud, flexibility and scalability. Relatech is proud to be able to collaborate with customers who, like Basco, see digitalization as the winning investment to start a growth strategy for their business and increase competitiveness on the market."*
