

PRESS RELEASE

RELATECH GROUP: THE COMPANY GRUPPO SIGLA ORGANIZES THE ITALIAN WEB CONFERENCE 2021 "CITYSCAPE" WHICH WILL TAKE PLACE ONLINE ON 15 DECEMBER 2021

- The Company presents the *CitySCAPE* project funded by the EU Horizon 2020 research and innovation program with the aim of providing for IT security needs in the context of multimodal transport.

Milan, 6th December 2021

Relatech S.p.A., *Digital Enabler Solution Knowledge (D.E.S.K.) Company* and innovative SME listed on Euronext Growth Milan market (Ticker: RLT), announces that **GRUPPO SIGLA** (a Relatech Group Company) has organized the **Italian Web Conf 2021 CitySCAPE** which will take place in webinar mode on 15 December 2021.

The webinar will focus on **cybersecurity** technology and its various applications to so-called *multimodal transport* systems. During the conference Gruppo SIGLA, in collaboration with other Italian partners, will illustrate the state of the art of the works and the objectives of the CitySCAPE project.

CitySCAPE is a project funded by the **EU Horizon 2020** research and innovation program, which unites 15 partners from 6 different European countries with the aim of providing information security needs in the context of multimodal transport. *CitySCAPE* explores all the different dimensions of cybersecurity of multimodal transport. In fact, the solution introduces innovative risk analysis techniques and orchestrates a series of software solutions to create

an interoperable toolkit that integrates seamlessly into any multimodal transport system. These dimensions will guide a characterization of cyber threats in multimodal ICT transport, extended to the nearby energy and financial sector. Innovative software tools will be introduced to estimate the propagation of cyber threats in the system.

The webinar program foresees that, after a quick introduction to [CitySCAPE](#) and its context by ICCS, the partners present their contribution to the project. **Gruppo SIGLA** will provide an update on the platform design and **integration aspects with the pilots of the cities of Genoa and Tallin.**

Gruppo SIGLA is very active on issues related to the Smart City and in addition to the area of IT security, it follows projects aimed at the well-being of the citizens of a smart city. In particular, it deals with projects aimed at creating innovative methods and tools for energy and environmental management (air quality, humidity, brightness) with the aim of reducing consumption.

For more information on the webinar visit the [Gruppo SIGLA](#) website, to attend the conference you need to register at the [link](#).

The CitySCAPE project received funding from the European Union's Horizon 2020 research and innovation program with grant agreement no. 883321. The content reflects the views only of the authors and the European Commission is not responsible for any use which may be made of the information contained therein.
